VELOSAN

Quaternary Disinfectant Cleaner for Hard Surfaces

VELOSAN's quaternary ammonium compound-based formula disinfects hard surfaces, helping to prevent virus transmission. Less corrosive than industrial bleach, it cleans and sanitizes effectively without any risk of toxic Chlorine fume inhalation in poorly ventilated areas.

Faster Cleaner

Cleans and disinfects in 10 minutes contact time. Less waiting means your staff can move more quickly to the next area. Rinsing is optional.

Smarter Cleaner

Recommended dilution rates of between 64mls and 100mls per 900mls of water for maximum effectiveness. Highly concentrated, it reduces inventory needs.

Safer Cleaner

A non-acid disinfectant that is completely phosphate-free, VELOSAN is safe for users and emits no harsh chemical fumes.

AVAILABLE QUANTITIES

4 L jugs
20 L pails
200 L drums
1,000 L totes
