# EZ-DMULSE

## Multi-Purpose Low-High Temp Demulsifier for Bunker/Waste Oil Treatment

Perfect for bunker and waste oil treatment, EZ-DMULSE is specially formulated to work at lower temperatures, successfully separating water from lube, crankcase and slop oil so that they can be re-used as recycled bunker fuel oil. Resultant water portion should be treated and disposed of in accordance with local regulations.

### *Faster Cleaner*

EZ-DMULSE's carefully engineered formula separates water from waste bunker and lube oil in less than 24-hours, cutting maintenance time and costs.

### *Smarter Cleaner*

Because EZ-DMULSE removes more water at lower temperatures, the recycled oil is a higher quality and is ready to use immediately.

### *Safer Cleaner*

EZ-DMULSE's demulsifying process satisfies the strictest industry regulations – even when used at lower temperatures.

#### AVAILABLE QUANTITIES

- 20L pails
- 200L drums
- 1000L tote tanks
